
OLR Bill Analysis

sHB 6383 (as amended by House "A")*

AN ACT CONCERNING HIRING STANDARDS FOR ATHLETIC DIRECTORS.

SUMMARY:

This bill creates hiring standards for school and school district athletic directors, requires that all directors hired on or after October 1, 2013 meet the new standards, and permits those hired before that date to continue in their current job even if they do not meet the new standards. It also establishes duties for all school and school district athletic directors.

It also makes conforming changes.

*House Amendment "A":

1. specifies that an athletic director hired before the bill's effective date must meet the current director qualifications stated in regulations in order to continue in their current job,
2. changes the effective date to October 1, 2013,
3. removes supervising intramural athletics from the list of athletic director's duties, and
4. makes technical and conforming changes.

EFFECTIVE DATE: October 1, 2013

ATHLETIC DIRECTOR STANDARDS

The bill defines "athletic director" as someone responsible for (1) administering the athletic program of a school or school district under a local or regional board of education and (2) supervising athletic coaches.

The bill establishes two levels of athletic director qualifications, one for school director and one for school district director. Both standards apply to those hired on or after October 1, 2013.

New Standards

A school athletic director must hold a State Board of Education (SBE)-issued coaching permit and a (1) state teaching certificate or (2) national athletic administrators association-issued certificate, as approved by the State Department of Education (SDE).

A school district director must hold a SBE-issued coaching permit and a (1) state teacher's certificate with an intermediate administrator and supervisor endorsement or (2) national athletic administrators association-issued master certificate, as approved by SDE.

Under the bill, any director responsible for evaluating coaches who are certified teachers, administrators, or other certified school staff must hold a state teacher's certificate with an intermediate administrator and supervisor endorsement.

Existing Athletic Directors

School or school district athletic directors hired before October 1, 2013, who do not meet the new standards can continue to serve in their current positions if they meet the current director qualifications stated in regulations. The regulations require (1) nonsupervisory directors at a school to hold a coaching permit, (2) supervisory directors at a school to hold a permit and teacher's certificate, and (3) district directors or directors who evaluate certified staff to hold a teacher's certificate with an endorsement for intermediate administration or supervision.

The bill prevents any local or regional board of education from hiring a person "grandfathered" in at another district for its district, unless the person can meet the bill's standards.

DIRECTOR DUTIES

The bill states an athletic director's responsibilities, which apply whether the person directs a program for a school or a district. They include:

1. ensuring that each athletic coach in the athletic program holds a SBE-issued coaching permit;
2. supervising and evaluating athletic coaches, according to the bill's provisions;
3. supervising students participating in interscholastic athletics;
4. possessing knowledge and understanding of the governing authority for interscholastic athletics and the related rules and regulations;
5. administering and arranging the scheduling of and transportation to athletic activities and events;
6. administering and arranging the hiring of officials;
7. ensuring a safe and healthy environment for all athletic activities and events; and
8. any other duties relevant to the organization and administration of the athletic program for the school or school district.

The bill also makes conforming changes to the law requiring coaches to be evaluated by their supervisors annually.
